The Best and Cheapest Family Medicine in the World DR ROBERTS' COMPOUND SARSAPARILLA PILLS.

DR BOBERTS' COMPOUND SARSAPARILLA PILLS.

ETA alterative, tonic, discretic and mild enthance. Price twenty-five cents per box, containing 50 pills.

Each box contains fifty pills, which makes them as cheap again as any other standard-pill, and four times cheaper, and warranted much superior in the cure of various diseases, to any of the syrup mixtures sold; besides being a more convenient and proper form for use.

THE astonishing success which has attended the use of Dr. Roberts' Compound Sarsaparilla Pills is proof abundant and conclusive that they are truly Nature's own Remedies, and that they will cure all curable diseases, quicker and more pleasantly than any other medicine over known. The Pilis are principally an alterative medicine, (their basis being the solid extract of Sarsaparilla, prepared in a superior manner,) but sufficiently cathartic to gently assist nature, without purging unnecessarily, which make them peculiarly adapted to weak and enfeebled persons, invigorating and strengthening the body, purifying the system, producing new rich blood and a healthy action of the stomach and liver.

They are acknowledged by our ablest physicians to be unexcepceptionable, but efficacious in the highest degree, and as a general PAMILY MEDICINE, UNEQUALLED.

The Compound Sarsaparilla Pills are used for the permanent cure of those diseases which arise from an impure state of the blood, and morbid secretions of the liver and stomach, and diseases arising from an injudicious use of mercury, and whenever medicine is required to invigorate and purify the system.

They are a purely vegetable compound, and may be used by

The same of the following described property of well and take she was unable to walk. The deep scars left by them remain to this day. It has affected her breast to that degree that she was una-ble to nurse either of her last three children. Often she has been in such distress from this disease, that for weeks she has been able to

obtain but little sleep or rest, and has often said that her distress was so great she could not describe it. At the time she commenced using your Syrup and Cerate, she had a running sore on her stomach and breast, which had been there more than a year, healing up at times perhaps in one place, but always breaking out in another. To this we applied many remedies, and used various kinds of medicines for removing the disease from the system, none of which produced the least apparent benefit. She the system, none of which produced the least apparent benefit. She commenced using your Syrup and Cerate a year ago last fall. She took the Syrup a few days and then commenced applying the Cerate to the sores, and at once said she had never found anything so soothing as this was. I have frequently known her to get up several times in the course of a night to apply the Cerate to her feet, in order to obtain sleep. In one or two weeks after using the medicines the sores began to heal, and before she had finished the second bother. tle, they were entirely well. She has now used four bottles, and is to all appearance perfectly cured, and is in better health also than she has been at any time before for twenty years. The medicuse has effected in her case the most wonderful cure ever known in our section of country, and I strongly recommend all afflicted in like
